**Name of Journal:** *World Journal of Virology*

**Manuscript NO:** 59283

**Manuscript Type:** SYSTEMATIC REVIEWS

**Reinfection risk of novel coronavirus (COVID-19): A systematic review of current evidence**

Reinfection risk of novel coronavirus (COVID-19)

## Abstract

### BACKGROUND

**Background:** There is recently a concern regarding the re-infection and reactivation of previously recovered COVID-19 patients.

### AIM

In the present review, we summarized the recent findings and reports of COVID-19 re-infection in patients previously recovered from the disease

## A Systematic Review of COVID-19 Epidemiology Based on ...

<https://pubmed.ncbi.nlm.nih.gov/32244365>

We conducted a **systematic review** of the published literature and preprints on the **coronavirus** disease (**COVID-19**) outbreak following predefined eligibility criteria. Of 317 research articles generated from our initial search on PubMed and preprint archives on 21 February 2020, 41 met our inclusion criteria and were included in the **review**.
