

I declare that the Manuscript entitled “Psychic Euosmia among Obsessive-Compulsive Personality Disorder patients. A case-control study.” has been reviewed by a biomedical statistician. The statistical methods of this study were reviewed by Paolo Pasquini, MD, MPH, former Head of Department of Epidemiology and Biostatistics at Istituto Superiore di Sanità, Rome, Italy.

A handwritten signature in black ink, appearing to read 'M Frascarelli', with a stylized, cursive script.
