

Answer to Reviewer 1,

Reviewer #1:

Try to introduce some tables to make the article easier to read. The topic is interesting, please look at these references to improve your discussion about neurological symptoms and telemedicine for your topic. - Di Carlo DT et al. Exploring the clinical association between neurological symptoms and COVID-19 pandemic outbreak: a systematic review of current literature. J Neurol. 2020 Aug 1:1–9. doi: 10.1007/s00415-020-09978-y. - Montemurro N et al. Will COVID-19 change neurosurgical clinical practice? Br J Neurosurg. 2020 Jun 1:1-2. doi: 10.1080/02688697.2020.1773399. - Kubota T, Kuroda N. Exacerbation of neurological symptoms and COVID-19 severity in patients with preexisting neurological disorders and COVID-19: A systematic review. Clin Neurol Neurosurg. 2020 Nov 1:106349. doi: 10.1016/j.clineuro.2020.106349.

Thank you, we included the references to the manuscript and expanded the discussion about neurological symptoms including the interesting topic about telemedicine.

Answer to Science editor,

Issues raised: (1) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout; (2) The reference's number should be put in the square bracket, then make them superscript; and (3) The column should be a minireviews.

We changed the format of citations and references according to the instructions.
