(PDF) Low molecular weight Dextran: An alternative to ...  
<https://www.researchgate.net/publication/317044109...>  
Low molecular weight dextran is one of the options that has been explored as an alternative to contrast for coronary FD-OCT. 10, 11,12 Studies that compared low molecular weight dextran with ...

Zero contrast optical coherence tomography-guided ...  
<https://www.sciencedirect.com/science/article/pii/S0019483218305959>  
Dec 01, 2018 · Zero contrast optical coherence tomography (OCT) guided-PCI was successfully performed using low molecular weight dextran-40 (LMWD-40) as the flush medium. Our report suggests the safety and feasibility of LMWD-40-based OCT-guided zero contrast PCI in ISR of SVG in a CKD patient, although further prospective studies are needed to evaluate ...
