### [Using Textbook Outcomes to benchmark practice in ...](#)

Author: Ella Nicholas, Stijn van Roessel, Kirst... Publish Year: 2021

Textbook Outcome (TO) is a novel composite measure of clinical outcomes that can be used to measure the quality of surgical outcomes. TOs for pancreatic surgery were published by the Dutch Pancreatic Cancer Group (DPCG) in 2020. The aim of this study was to explore how a medium volume hepatopancreaticobiliary unit could use TO to benchmark local outcomes following pancreatic surgery.
