

UNITED STATES MEDICAL LICENSING EXAMINATION®

STEP 2 CLINICAL SKILLS (CS) SCORE REPORT

This score report is provided for the use of the examinee.

Third-party users of USMLE information are advised to rely solely on official USMLE transcripts.

Boerner Valdez, Leandra Christina

USMLE ID: 1-052-029-4

Test Date: December 30, 2019

The USMLE is a single examination program consisting of three Steps designed to assess an examinee's understanding of and ability to apply concepts and principles that are important in health and disease and that constitute the basis of safe and effective patient care. Step 2 is designed to assess whether an examinee can apply medical knowledge, skills, and understanding of clinical science essential for the provision of patient care under supervision, including emphasis on health promotion and disease prevention. The inclusion of Step 2 in the USMLE sequence is intended to ensure that due attention is devoted to principles of clinical sciences and basic patient-centered skills that provide the foundation for the safe and competent practice of medicine. There are two components to Step 2: a Clinical Knowledge (CK) examination and a Clinical Skills (CS) examination. This report represents results for the Step 2 CS examination only. Results of the examination are reported to medical licensing authorities in the United States and its territories for use in granting an initial license to practice medicine. The overall Pass/Fail outcome provided below represents your result for the administration of the Step 2 CS on the test date shown above.

<i>Overall Pass/Fail Outcome</i>
PASS

The overall outcome for Step 2 CS, reported above, is based upon the minimum passing levels set by USMLE for the three Step 2 CS subcomponents. The three subcomponents are Integrated Clinical Encounter (ICE), Communication and Interpersonal Skills (CIS), and Spoken English Proficiency (SEP). It is necessary to pass all three subcomponents in order to obtain an overall passing outcome on the Step 2 CS. Results for the three Step 2 CS subcomponents are reported below.

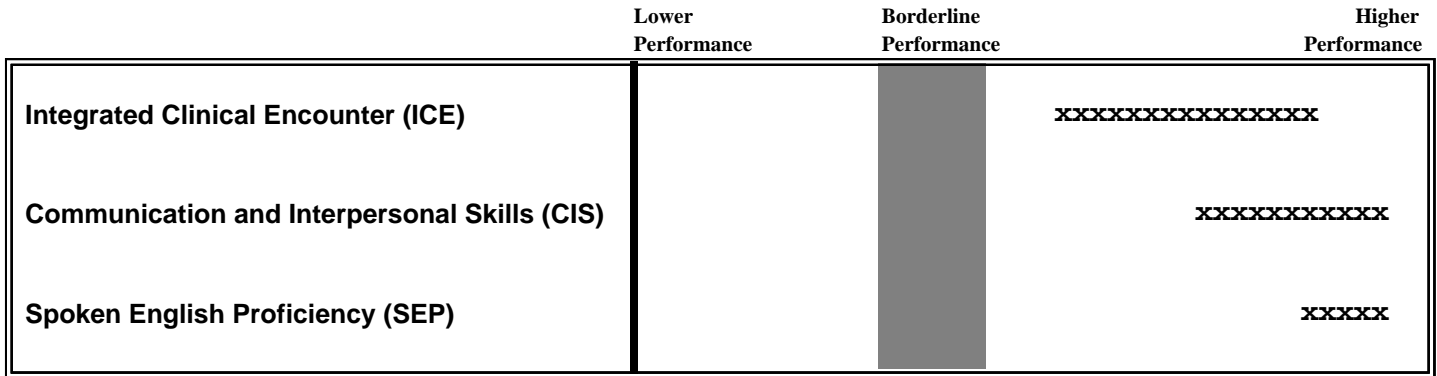

<i>ICE</i>	<i>CIS</i>	<i>SEP</i>
PASS	PASS	PASS

INFORMATION PROVIDED FOR EXAMINEE USE ONLY

The Performance Profile below is provided solely for the benefit of the examinee.

These profiles are developed as self-assessment tools for examinees only and will not be reported or verified to any third party.

USMLE STEP 2 CS PERFORMANCE PROFILE

The above Performance Profile is provided to aid in self-assessment. The shaded area defines a borderline level of performance for each subcomponent (ICE, CIS, SEP); borderline performance is comparable to a HIGH FAIL/LOW PASS on the subcomponent.

Performance bands indicate areas of relative strength and weakness. Some bands are wider than others. The width of a performance band reflects the precision of measurement: narrower bands indicate greater precision. The band width for a given content area is the same for all examinees. An asterisk indicates that your performance band extends beyond the displayed portion of the scale. Small differences in the location of bands should not be over interpreted. If two bands overlap, performance in the associated areas should be interpreted as similar.

Additional information concerning the Step 2 CS subcomponents can be found in the *USMLE Step 2 CS Content Description and General Information Booklet*.
