SPECIFIC COMMENTS TO AUTHORS

It is interesting to see the animal results using the endoscopic device Souten. It is not convenient to perform the hybrid ESD using the tip of snare. The Souten may provide the same feeling as Dualknife during hybrid ESD. However, it still remains to answer whether the curative efficiency for early cancer using hybrid ESD is the same as conventional ESD.

SPECIFIC COMMENTS TO AUTHORS

The number of figures and tables was high and decreased. In most magazines, the total number of tables and figures was 5, but here it was more.
