

Dear Editor

Thank you very much for your letter, and the referees' reports. Based on your comment and request, we have made modification on the original manuscript. Here, we attached revised manuscript for your approval. A document answering every question from the referees was also summarized and enclosed.

**Reviewer: There is one thing needs to be modified: EPCs is the abbreviation of endothelial progenitor cells, not endothelial cells.**

Revised.

Issues raised:

**(1) The "Author Contributions" section is missing. Please provide the author contributions;**

Answer: This time we added author contributions to our revised manuscript.

**(2) The authors did not provide the approved grant application form(s). Please upload the approved grant application form(s) or funding agency copy of any approval document(s);**

Answer: This time we upload the funding agency copy of our Approval Document

**(3) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references.**

Answer: We have corrected the form of references and uploaded this time.

**(4) Please add table/figure to this review.**

Answer: A table about the existed animal stem cell treatment trials is performed.

Should you have any questions, please contact us without hesitate.

Thank you for your kind consideration.

Sincerely,

Guihua Liu, MD Ph.D.
