

Biostatistics statement

Title: CPEB1, a novel risk gene in Recent-Onset schizophrenia, contributes to mitochondrial complex I defect caused by a defective provirus ERVWE1

MS Number: 67401

The statistical methods of this study were reviewed by a senior researcher who was qualified for the biostatistical issues involved in this study.

Name: Ying Wang

Master of Science in Epidemiology and Biostatistics

Signature:

A handwritten signature in black ink that reads "Ying Wang". The signature is written in a cursive, flowing style. The first name "Ying" is written with a large, prominent 'Y' and a long, sweeping tail that extends under the second name. The second name "Wang" is written in a similar cursive style, with the 'W' and 'a' being particularly distinct.
