To whom it may concern:

I provided statistical consultation for the study reported in the paper entitled "Reliability of a Simple Fluoroscopic Image to Assess Leg Length Discrepancy during Direct Anterior Approach Total Hip Arthroplasty".

I attest that appropriate statistical methods were used to analyze the data.

A handwritten signature in blue ink that reads "Pamela M. Vacek". The signature is written in a cursive style.

Pamela M. Vacek, Ph.D

Biostatistician, Medical Biostatistics Unit  
Research Associate Professor, Department of Pathology and Laboratory Medicine  
University of Vermont Larner College of Medicine  
Burlington, VT 05405
