

Respond to Editorial Office's Comments

- I submit the following corrected Review. The English changes are highlighted in red, while same added sentences are in yellow.
- As suggested by the Editorial Office's we respected the self-referencing rates of less than 10% (3 self-cited references 3 references out of a total of 30)
- The authors provided original pictures! The Table was revisited and readapted

Respond to Reviewer #1

- I checked the current Japanese guidelines and inserted in the bibliography section , highlited in yellow.

Respond to Reviewer #3

- At page 4, section "strategy" of the text, I mentioned the MESDA-G, highlited in yellow.
- I inserted in the section "strategy" a description of the ESD knives available, as in your indications, highlited in yellow.
- Before the last paragraph of the section " strategy" I added a brief description of the most used traction methods in ESD, highlited in yellow
