Dear, Ishrat Parveiz Bhat,

This is regarding your application about ethical approval of your above-mentioned project, clarifying the queries raised by the Ethics Committee on 7th of July, 2018. The clarifications have been reviewed and documents are "Approved from ethical angle w.e.f. 7th July 2018. The study is valid for the entire period of the conduct of study according to this protocol under the responsibility of Dr. Syed Mudassar, Professor & Head, Department Of Clinical Biochemistry, the Principal Investigator.

- ☐ It is confirmed that the Ethics Committee of SKIMS is composed of and functions as per ICH GCP/ICMR and other applications regulatory guidelines.
- ☐ No significant changes to the research protocol should be made and implemented without prior consent of the IEC-SKIMS and any changes/derivations from the protocol which increase the risk for the subjects should be submitted to the IEC-SKIMS and approved prior to implementation.
- ☐ This EC approval is not for "sample banking" for any future biomedical research; a separate permission should be sought if needed.
- ☐ The study progress report should be made available for the IEC review after every one year.
- ☐ It is hereby confirmed that neither you nor any of the study team members have participated in the voting/decision making procedures of the committee.

With best regards,
