

Dear Editor,

Thank you for your time, interest and assistance. I tried to answer all issues raised during the review process. The manuscript has been revised according to reviewers' suggestions.

Reviewer 1

1. I understand the reviewer's concern; however, these references (ref. 7-9 and 11-14) were published in the high quality journals and are the main references in their topic. Therefore, I believe that citing of this articles are reasonable and appropriate.
2. The format of references were revised according to journal style.
3. The English grammar was edited as highlighted

Reviewer 2, Reviewer 3 and Reviewer 4 have no suggestions.
