Re: Manuscript titled "Percutaneous Transluminal Angioplasty Balloons for Endoscopic Ultrasound-Guided Pancreatic Duct Interventions"

Corresponding Author: Dr. Vinay Chandrasekhara, Mayo Clinic, Rochester, MN, USA

To whom it may concern,

This manuscript utilizes simple descriptive statistics to describe the cohort (e.g., mean, interquartile range, and proportions). No significant biostatistical analysis was needed or performed. As the primary author on the study, please reach out if any further clarification is needed.

Sincerely,
