

To whom it may concern:

Title of study: Water-jet versus traditional triangular tip knife in peroral endoscopic myotomy for esophageal dysmotility: a systemic review and meta-analysis

Chief Investigator:

Yuliya Belopolsky, MD
Division of Gastroenterology and Hepatology
University of Illinois College of Medicine at Peoria,
One Illini Drive, Peoria, IL 61605
United States of America

This letter is to confirm that I have read the etics application prepared for the study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Yuliya Belopolsky". The script is cursive and fluid, with the first letter 'Y' being particularly large and stylized.

Yuliya Belopolsky
