Thank you for your time and feedback. Medical English has been re-checked and polished. Your abstract and reference observations have also been corrected. Abbreviations and clarifications have been re-checked and corrected. The patient’s full chart has been properly disclosed, as well as legal forms. Again, thank you for your very valuable feedback.

Thank you for your time and feedback. We have rearranged the abstract content, as well as the key words. Background has now been polished to convey a better and more precise content. We have also added general literature about pyomyomas, including epidemiology, clinical presentation, workup, available treatments, and complications. We will submit a re revised version for a final review. Your comments have been utterly valuable.
