## SPECIFIC COMMENTS TO AUTHORS

Here my comments 1. the review is well organized 2. please add some new information regarding IgG4-related sclerosing cholangiopathy and also neoplastic cholangiopathy 3. the discussion about the drug induction cholangiopathy should be further developed 3. there are some typing english errors

## SPECIFIC COMMENTS TO AUTHORS

Dear Authors, The minireview is good. I am interested in your paper. The title, abstract and keywords reflect the work described in the manuscript (1). Could you please highlight what are the original findings and novelty of this manuscript? (2) Could you please explain the significance of cholangiopathies (including a brief review clinical aspect, epidemiological aspect, therapy, etc) which made you wrote his article and their correlation with morphological aspects of non-neoplastic small-duct cholangiopathies in background as the quality and importance of this manuscript? (3) Could you please explain what are the future directions of the topic described in this manuscript? and what are the questions/issues that remain to be solved?
