Dear Editor,

We would like to thank you and the reviewers for the constructive comments regarding our manuscript and for giving us the opportunity to submit a revised version. We have revised the case report according to your valuable feedback.

Concerning language, we did another thorough check by a native speaker. We have incorporated the suggestions regarding uniform presentation of figures and attached the required PowerPoint file with decomposable figures. Also, we have edited the table according to the specified requirements. The requested copyright information was added as well. Furthermore, we performed a detailed Reference Citation Analysis.

Enclosed please find the revised manuscript for re-review. We hope the revised manuscript meets your expectations and is now suitable for publication in *World Journal of Gastroenterology*.

With best regards,

Prof. Dr. Harald Hofer
