

Dear Reviewers,

Thank you for your valuable feedback.

- 1, We changed the title From **“Network pharmacology-based research into the effects and mechanism of Shuxin decoction attenuate myocardial ischemia/reperfusion injury in diabetes”** to **“Network-pharmacology-based research on effects of Shuxin decoction and mechanism underlying its protection against myocardial ischemia/reperfusion injury with diabetes”**.
- 2, We have revised **Supplementary Table 1** based on your suggestion.
- 3, The paper has been carefully revised by a professional language editing service to improve the grammar and readability again.

Yours sincerely,

Wenjing Xiao
