SPECIFIC COMMENTS TO AUTHORS

It's an interesting case report on Efficacy and safety of local candida immunotherapy in recalcitrant warts in pediatric kidney transplantation. Findings are valueable. I want to ask a little question. Did the authors make hpv genotyping on wart? And The authors can add the study below as a references to increase the value of content in discussion section. Sarier M, Ozel E, Duman I, Yuksel Y, Demirbas A. HPV type 45-positive condyloma acuminata of the bladder in a renal transplant recipient. Transpl Infect Dis. March 2017:e12667. doi:10.1111/tid.12667
