

## ANSWERING REVIEWERS

January 18, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 8468-review.doc).

**Title: Early detection and prevention of pancreatic cancer: Is it really possible today?**

**Author:** Marco Del Chiaro, Ralf Segersvärd, Matthias Löhr, Caroline Verbeke

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 8468

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) All the changes indicated by the referee 1 are made in the text. In particular we followed the suggestions regarding the tables and figures and the format of the references (see the revised version)

(2) We agree with the second referee's comments. We stated in more detail the resection criteria for pre-malignant lesions and we added a reference and the description in the text regarding the genetics of precursor lesions

(3) We followed the referee's 3 suggestions as annotated in the text (see the revised version)

(4) We added the ppt of figure 4 (decomposable) as suggested by referees

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Marco Del Chiaro, MD, PhD
