

EDITORIAL CERTIFICATE

This is to certify that the manuscript titled:

Physcion increases the sensitivity of Hepatocellular Carcinoma to sorafenib through miR-370/P1M1 axis-regulated glycolysis

has been edited by professional English editors at 51runse, for proper English language, grammar, spelling, punctuation, and academic style, while the intent of the authors' message was not altered in any way during the editing process. Documents receiving this certification should be English-ready for journal submission, with the assumption that the edited changes have been accepted by the receivers.

Authors: Xiaoping Pan, Buren Jiya, Feng Wang, Zhu Lan

Date of Issue: April 2, 2023

A handwritten signature in black ink, appearing to read 'David C. Gilbert'.

Chief Editor: David C. Gilbert
