Non-Native Speakers of English Editing Certificate

Abril 2022

I declare that the authors of the manuscript “Immune response modulation in inflammatory bowel diseases by *Helicobacter pylori* infection” are non-native English speakers, but a colleague whose native language is English has reviewed our manuscript for clarity. Unfortunately, we could not provide a language certificate by professional English language editing companies because of the scarce financial resources for research in Brazil nowadays. Please let us know if you can accept the article with this document only.

Kádima Nayara Teixeira; Ph.D. (for all authors)
