

July 03, 2023
Barretos - São Paulo, Brazil

To the World Journal of Clinical Oncology.

We declare for all due purposes that the researcher André Vinícius de Camargo was attended by the Epidemiology and Biostatistics Center of the Teaching and Research Institute of the Hospital do Câncer de Barretos and the research data, entitled "Evaluation of Toxicity and Survival of Patients with Multiple Brain Metastases Treated with Isolated Radiosurgery", were analyzed by statisticians hired by the department at the time.

Yours sincerely,

Epidemiology and Biostatistics Center - Teaching and Research Institute of Hospital do Câncer de Barreto.

Marcelo Nogueira Bezerra de Menezes
Teaching and Research Manager
