江西中医药大学动物实验伦理审查申请书

Examine application for animal experiment ethics executed in Jiangxi University of Traditional Chinese Medicine

申请日期(applicant date): 2021 年(year)1 月(month)17 日(day)

申请编号(applicant number): JZLLSC2021-196

课题名称(Project name): 姜黄素调控 Bcl-6-Syk-BLNK 影响记忆性 B 细胞治疗实验性结肠炎的可能机制(Curcumin alleviates experimental colitis by a potential mechanism involving memory B cells and the Bcl-6-Syk-BLNK signal)

申请人姓名(applicant name): 刘端勇(Duanyong Liu) 技术职称(Technical title): 教授

岗位证书编号(Post certificate number): 赣动技培字(2021)第 12150 号

项目负责人(Project Leader): 刘端勇 技术职称(Technical title): 教授

联系电话(Contact phone): 79118923 手机(Mobile phone): 13970933193

申请者单位或部门(Applicant unit or department): 科技学院负责人(Leader): 朱卫丰

拟进动物情况
动物来源(Animal resources): 湖南斯莱克景达实验动物有限公司(Hunan Slack Landscape Laboratory Animal Co., Ltd.)

品种品系(Species or strains): BALB/c 小鼠 等级(Grade): SPF

规格(Specifications): 8-9 周龄, 20 ± 1g

数量(quantity): 40

申购日期(Date of purchase): 2021 年(year) 2 月(month) 17 日(day)

进驻日期(Entering date): 2021 年(year)2 月(month) 26 日(day)

结束日期(End date): 2021 年(year)3 月(month) 24 日(day)

遵守实验动物福利原则的声明: 本人已阅读了《江西中医药大学实验动物伦理委员会章程》, 本人及其项目组成员将严格遵守国际通行的动物福利和伦理准则, 贯彻执行国家和江西省有关实验动物管理法律、法规和政策, 善待实验动物。

Declaration of compliance with the principles of animal welfare: I have read the "constitution of the experimental animal ethics committee of Jiangxi University of traditional Chinese Medicine", I and the project team members will strictly abide by the international animal welfare and ethical standards, carry out the relevant laws, regulations and policies on the management of laboratory animals in Jiangxi Province, and care laboratory animals.

项目负责人签名(Project Leader signature):

实验要点,包括: 实验目的、实验方法、观测指标、实验结束后处置动物的方法等(Experimental points, including: the experimental purpose, experimental methods, observation indicators, assays for animal sacrifice, etc. after the end of the experiment)

实验目的(Experimental purpose):

寻找安全可靠的治疗溃疡性结肠炎的天然药物, 以及研究姜黄素缓解结肠炎的作用机制。

实验方法(Experimental methods):

葡聚糖硫酸钠自由饮水法诱导小鼠结肠炎, 姜黄素(100mg/kg/day)同步给药治疗 14 天。

观测指标(Observation indicators):

每天同一时间(9:00)小鼠称重、大便潜血 OB 评分, 一般临床症状观察(腹泻、行为、采食、饮水), 疾病活动指数评价。

实验结束后处置动物的方法（包括处置的方式等）(Assays for animal sacrifice, etc. after the end of the experiment, including methods to end animal life, etc.):

20%戊巴比妥钠深度麻醉安乐死。

手术过程中动物福利保障措施（包括减轻动物痛苦措施等）(Safeguard measures for animal welfare during operation, including measures to alleviate the pain of animals, etc.):

本研究不进行手术。

危险物品、药品安全处置措施（包括针头、有害药品的安全处置措施等）(Safety management measures of hazardous substances, drug, including safety management measures of needles, the safe disposal of hazardous drugs, etc.):

本实验所用的针头按照《医疗垃圾废物处理规范》进行处理。

伦理委员会评审决议(Ethics committee review decision):

伦理委员会主任委员签章(Ethics committee chairman signature)

2021年(year) | 月(month) 26日(day)

说明: 1.此表一式二份, 正反面打印。在伦理审查通过后返还项目负责人一份, 伦理委员会留存一份。2.编号由伦理委员会秘书填写。3.联系电话填本项目申报联系人的电话。4.实验要点只写摘要。5.申请单位或部门填到科室, 主管单位签章为学院主管科研的领导签章。

Note: 1. this form has two copies, forward and backward print. one should be returned to the project leader, another should be retained in the ethics committee after the ethical review is passed by the committee of ethics. 2. The applicant number will be given by the ethics committee secretary. 3 Contact phones should be filled by the project applicant. 4. The item of "Experimental point" should be filled only with project summary. 5. The item of "application units or departments" should be filled with department; the signature of the competent unit should be performed by the leader in charge of scientific research in the college or institute.
