

Biostatistics Review Certificate

São Paulo

25th August 2023

I confirm that the manuscript entitled “Exercise training as an intervention for frailty in cirrhotic patients on the liver transplant waiting list: a systematic review” was analysed by an expert Biomedical Statistics of the NAP (Núcleo de Apoio ao Pesquisador) — Instituto Israelita de Ensino e Pesquisa Albert Einstein, São Paulo, SP, Brazil.

Yours sincerely,

Yuri Boteon, M.D., Ph.D., FACS
