

## **Editorial Certification**

This document certifies that the manuscript titled "The impact of angiotensin-converting enzyme inhibitors or angiotensin receptor blockers on the mortality in sepsis: A systematic review and meta-analysis" was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English speaking editors at ELIXIGEN.

Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication - however, the author has the ability to accept or reject our suggestions and changes. This paper was edited in December, 2019. To verify the final ELIXIGEN edited version, please contact ELIXIGEN at [support@elixigen.com](mailto:support@elixigen.com)
