

Dear Editors and Reviewers:

Thank you for your letter and for the reviewers' comments concerning our manuscript entitled "Addison's disease caused by adrenal tuberculosis may lead to misdiagnosis of major depressive disorder: a case report" (ID: 89410). Those comments are all valuable and very helpful for revising and improving our paper, as well as the important guiding significance to our researches. We have studied comments carefully and have made correction which we hope meet with approval. Revised portion are marked in yellow in the paper. The main corrections in the paper and the responds to the reviewer's comments are as flowing:

Responds to the reviewer's comments:

1. Response to comment: (The authors report a case of primary adrenal insufficiency secondary to adrenal tuberculosis with tuberculosis in the lungs and skin of a 48-year-old female patient. The current situation and main treatment methods should be supplementary in the discussion.)

Response: The current situation and main treatment methods have been added to the first paragraph of the "discussion". Marked in Highlighted in yellow in the manuscript.

2. Response to comment: (Please supplement the contents of each part according to the WJCC publication requirements, including history of present illness, history of past illness, personal and family history, physical examination, laboratory examinations, imaging examinations, multidisciplinary expert consultation, final diagnosis, and treatment, etc.)

Response: Supplementary content has been added as required by WJCC. Marked in Highlighted in yellow in the manuscript.

3. Response to comment: (Please add PMID and DOI numbers to your references. They are available at: <http://doi.crossref.org/simpleTextQuery>. If there are no PMID or DOI numbers, please provide the website.)

Response: PMID and DOI have been supplemented as required. Marked in Highlighted in yellow in the manuscript.
