

## ANSWERING REVIEWERS

May 9, 2014

Dear Editor:

We have received your letter about our paper " Intestinal ischemia-reperfusion of macaques triggers a strong innate immune response in the intestinal mucosa" (ESPS Manuscript NO: 10094) and have got the suggestions from reviewers' and editor's. According to your suggestions, we have revised the paper .The rewritten parts in the revised manuscript are marked as **red**. The manuscript also has been revised by a colleague of native English language. We hope that it is easy to follow.

**Title:** Intestinal ischemia-reperfusion of macaques triggers a strong innate immune response in the intestinal mucosa

**Author:** Hao Wu, Yiyun Deng, Ling Liu, Qinghua Tan, Chunhui Wang, Meimei Guo, Yongmei Xie, Chengwei Tang

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO: 10094**

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer:

The main question of reviewers was that the magnifications of the images shown in the MS are too low to see the details. The reason for this problem is that the images were compressed too small, In fact, if we magnify the images, the details were clear. The following magnified image was choosed from Fig. 2 .

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Dr. Hao Wu

Prof. Chengwei Tang
