

ANSWERING REVIEWERS

May 15, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 10198- review.doc).

Title: Biliary stenting with or without sphincterotomy for malignant biliary obstruction: A meta-analysis

Author: Pei-Jing Cui, Jing Yao, Yi-Jun Zhao, Hua-Zhong Han, Jun Yang

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 10198

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

- (1) The authors performed a meta-analysis of randomized control trials to assess the clinical benefit of endoscopic sphincterotomy before stent placement during the procedure of endoscopic retrograde cholangiopancreatography. The manuscript is well written and new data are provided.

Response: Thank you for your comment. The manuscript had be revised and corrected by a native speaker of English.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Jun Yang, MD, PhD
