

December 13, 2012

Dear Editor,

I am enclosing here with a manuscript entitled “Effect of growth hormone hyperbaricoxygen and combined therapy on intestinal neomucosa formation of gastric serosa (Experimental Study)” submitted to “World Journal of Gastroenterology” for possible evaluation. Thank you for a very complete analysis of this presentation of the article. Some of the points that you raise should be discussed together.

Please find enclosed the edited manuscript in Word format (file name: 1028-review.doc).

**Title:** Effect of growth hormone hyperbaricoxygen and combined therapy on intestinal neomucosa formation of gastric serosa (Experimental Study)

**Author:** Gokhan Adas, Mine Adas, Soykan Arian, Ahi Kemik Sarvan, Akin Savas Toklu, Selva Mert, Gul Barut, Sedat Kamali, Bora Koc

**Name of Journal:** World Journal of Gastroenterology

**ESPS Manuscript NO:** 1028

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated.

2 Revision has been made according to the suggestions of the reviewer;

- (1) We removed the related results data out of Discussion.
- (2) We researched the enclosed case report that HBO was used to treat SBS and we added to our manuscript and also our references.
- (3) We had attention to be more specific, significantly better or worse in our results. We modified the presentation of our results according to your suggestions. We altered to present the beneficial effects of our results instead of just listing the differences.
- (4) We review our language polishing accordance to your format.

3 We pay attention to reloaded the references and typesetting correctly, also we added the DOI and PMID numbers.

4 We could not reach the Kasai's study that pulmonary changes and development of spontaneous pneumothorax under hyperbaric environment. The Japanese journal of thoracic surgery 22:592-6, 1969.

Thank you again for publishing our manuscript in the World Journal of Gastroenterology.

Sincerely yours,

Bora KOC, MD
