

Biostatistic's Report

The study was evaluated by the Department of Gastroenterology biostatistics' team and discussed on a weekly scientific multidisciplinary meeting.

Due to the rarity of the disease and the small number of patients included in this **pilot study** a study design with a minimum of patients was not considered necessary.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Luiz A. C. D'Albuquerque', written over a horizontal line.

Prof. Luiz A. C. D'Albuquerque

Head of the Department of Gastroenterology
