

July 14, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 2429-review.doc).

**Title:** Psychiatrists' approach to vascular risk assessment in Latin America

**Author:** Pablo Richly, Pablo López, Ezequiel Gleichgerrcht, Daniel Flichtentrei, María Prats, Ricardo Mastandueno, Julián Bustín, Marcelo Cetkovich-Bakmas

**Name of Journal:** *World Journal of Psychiatry*

**ESPS Manuscript NO:** 10713

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

- (1) The abstract has been reduced
- (2) The cardiovascular risk factors were defined according to the international guidelines
- (3) The role of non-invasive instrumental evaluation of early atherosclerotic processes was discussed.
- (4) The use of a questionnaire is a limitation of the study and it was discussed in a dedicated limitation section within the text
- (5) An English revision has been managed

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Psychiatry*.

Sincerely yours,

|
