Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: Pseudocyesis.doc).

**Title:** Pseudocyesis, Delusional Pregnancy, and Psychosis: The Birth of a Delusion

**Author:** Mary V. Seeman

**Name of Journal:** World Journal of Clinical Cases

**ESPS Manuscript NO:** 10829

The manuscript has been improved according to the suggestions of reviewers:

1 Title and subtitle design were changed as per instruction of reviewer #512664

2 Reviewer #506347 would have liked to see the pregnancy and fertility history of the women in the case studies reported. Unfortunately, this is not possible because they were rarely reported. I did, however, in bold, add more information about the issue of infertility in some of these women.

Thank you again for publishing our manuscript in the World Journal of Clinical Cases

Sincerely yours,

A handwritten signature in black ink that reads 'Mary V. Seeman'. The signature is written in a cursive, flowing style.
