

ANSWERING REVIEWERS

July 29, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 12019-review.doc).

Title: Factors associated with significant liver fibrosis assessed using transient elastography in general population.

Author: Seng Chan You, Kwang Joon Kim, Seung Up Kim, Beom Kyung Kim, Jun Yong Park, Do Young Kim, Sang Hoon Ahn, Won Jae Lee, and Kwang-Hyub Han

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 12019

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) I totally agreed with the opinion that major limitation of this study is the lack of histological confirmation of liver fibrosis. This limitation was clearly pointed out in the discussion

(2) Several grammatical errors indicated in the review were corrected.

3 References and typesetting were corrected

4. I need to add one more author, Won Jae Lee. He helped to analyzed the data and revised the article.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,
Seng Chan You, MD
