Formatting Summary and Additional Instructions

Prepared: April 14, 2014

Congratulations—you're one step closer to submission!

This report summarizes the work that has been done to bring your manuscript into compliance with your targeted journal's formatting requirements, and it describes any further changes that you will need to make before submitting your manuscript to your specified journal. Please review this document and the marginal comments in your manuscript carefully. If you have any questions, please contact us at help@wileyeditingservices.com.

Title Page

Please complete your title page according to our comments in the manuscript prior to submission.

Abstract

The journal you chose requires the abstract to be no less than 200 words. Currently, your abstract contains 108 words. Please increase the word count before submission to the journal.

Citations and References

Your citations and reference list were corrected for spelling, author lists, journal abbreviations, and format according to the journal's specified style.

Figures and Figure Legends

As per journal guidelines, each figure should be placed on a separate page at the end of the manuscript. For your convenience, the figures prepared for you by our Figure Formatting Service have been added where appropriate.

Submission

Please submit your manuscript online at <http://www.wjgnet.com/esps/>.
