

Dear editors,

We are here to promise that our manuscript ESPS Ms. No. 1325 entitled "Henoch-Schönlein purpura with intestinal perforation and cerebral hemorrhage: a case report" has been edited by an American medical Professor (Professor Ralph Semmel from Johns Hopkins University, Maryland, USA) who is a native English speaker through one of our friends in USA.

Due to shorting of fund, we didn't send the manuscript to the Language edit company you suggested. But we can promise the English language of our manuscript has at least met Grade B.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,
