Dear Madam,

The Committee of the Leiden University Medical Center (LUMC) has reviewed the abstract 'Barriers in contribution of human mesenchymal stem cells to murine muscle regeneration' (C14.139)

For this project, the Medical Ethics Committee declares that no formal ethical approval and written informed consent is needed.

I trust to have informed you sufficiently.

Yours sincerely,
on behalf of the Medical Ethics Committee,

Mrs. S.Y.M. van der Heijden LL.M.
Jurist
