

To Whom It May Concern:

My name is Desiree Machado and I reside in Canada where I completed fellowships in Neonatal Critical Care and Pediatric Critical Care, in Edmonton and Toronto respectively. I was offered a position in University of Florida, United States of America, where I will soon be joining as one of Pediatric Cardiac Critical Care staff intensivists. Therefore, as a qualified specialist, I hereby assure that the paper entitled "*Corneal Stem Cells and Tissue Engineering: Current Advances and Future Perspectives*" of Dr Aline Coutz de Araujo's authorship was reviewed as required by Baishideng Publishing Group.

Respectfully,

Desiree Machado, MD
