

Format for ANSWERING REVIEWERS

November 2, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 13877-review.doc).

Name of Journal: World Journal of Gastroenterology

ESPS Manuscript No: 13877

Title: Lower folate levels in gastric cancer, Is it a cause or a result?

Authors List: Ali Alkan

Answer to reviewers:

The grammatical mistakes and capitalization errors have revised. As one of the reviewer's comment, our letter pointed to the basic knowledge about folate metabolism. However, this basic, and also primitive, data about folate deficiency has not been evaluated in the study. On the other hand, the folate and cancer relation must be evaluated with further researches.
