22-Jul-2013

**Investigator:** Augustin Attwell  
**Sponsor(s):**  
**Subject:** COMIRB Protocol 13-2031 Initial Application  
**Effective Date:** 12-Jul-2013  
**Anticipated Completion Date:** 12-Jul-2016  
**Exempt Category:** 4  
**Title:** Endoscopic Ultrasound with Fine-needle Aspiration of Aberrant Pancreas Tissue: a case series

**This protocol qualifies for exempt status.** Periodic continuing review is not required. For the duration of your protocol, any change in the experimental design/content of this study must be approved by the COMIRB before implementation of the changes.

The anticipated completion date of this protocol is 12-Jul-2016. COMIRB will administratively close this project on this date unless otherwise instructed either by correspondence, telephone or e-mail to [COMIRB@ucdenver.edu](mailto:COMIRB@ucdenver.edu). If the project is closed prior to this date, please notify the COMIRB office in writing or by e-mail once the project has been closed.

You will be contacted every 3 years for a status report on this project.

Please note that if this project was approved with a consent form, you should delete 'Date' and 'Valid for Use Through' in the consent form header, as COMIRB will not record an expiration date on this form. The consent form will remain valid as long as the protocol is open.

Any questions regarding the COMIRB action of this study should be referred to the COMIRB staff at 303-724-1055 or UCHSC Box F-490.
