Dear Editors:

Please find enclosed the edited manuscript in Word format (file name: paper 13927-Edited 10.29.14.doc)

**Title:** Diagnosis of ectopic pancreas by endoscopic ultrasound with fine-needle aspiration

**Authors:** Augustin Attwell, Sharon Sams, Norio Fukami

**Name of Journal:** *World Journal of Gastroenterology*

Manuscript number: 13927

The manuscript has been improved according to the suggestions of reviewers:

1. A running title has been added.
2. The authors' addresses have been added.
3. Key words have been added.
4. The authors' specific contributions to the manuscript have been added.
5. Appropriate abbreviations have been added to the front of the manuscript for clarity.
6. The abstract has been extended and organized according to WJG guidelines.
7. **A core tip** and **comments** sections have been added.
8. The references have been placed in superscript brackets in the text.
9. References have been modified to include all authors, Pubmed IDs, and, where available, DOI citations. In cases where DOI citations are not available, either the first page of the text (when the full reference article is accessible online or at our library) or the online abstract from Pubmed (when the reference article is not available online or at our library) is being included in this resubmission. If you do not find this satisfactory and require all DOI citations or the actual texts, please let us know. In that scenario, we would need to remove those (few) references and modify the text accordingly.
10. Figure legends have been added according to your requested format.
