

INSTITUTIONAL REVIEW BOARD APPROVAL

To whom it may concerns,

The University Hospital of Ioannina Institutional Review Board (UHIIRB) is duly constituted, and has written procedures for initial and continuing review of clinical trials. All reviews are in compliance with requirements of Greek regulations, International Conference on Harmonization (ICH) E6 and Good Clinical Practice (GCP), as applicable. The UHIIRB also reviews in compliance with other applicable regulations governing IRBs and research with human beings. Where appropriate, UHIIRB complies with additional regulations and guidelines as required in specific research jurisdictions and has been fully accredited by the Association for the Accreditation of Human Research Protection Programs (AAHRPP). The UHIIRB reviewed the clinical case report of Dr. Dionisios Giannoulis "Subtalar dislocation without associated fractures: Case report and review of literature". The University Hospital of Ioannina IRB APPROVED BY EXPEDITED REVIEW the above referenced case report. The Board was able to provide expedited approval because the study meets the applicability criteria. This approval is valid for two years from the date of IRB review when approval is granted or modifications are required. The approval will no longer be in effect on the date listed above as the IRB expiration date. It is the responsibility of all investigators and research staff to promptly report to the IRB any serious, unexpected and related adverse events and potential unanticipated problems involving risks to subjects or others.

Date of IRB Approval: January 12, 2015

Date of IRB Approval Expiration: January 15, 2017

Chair, Institutional Review Board

Dr. Papathanasiou Athanasios
