

Trieste, December 15<sup>th</sup> 2014

To whom it may concern:

In reference to the article number 14405 entitled “Thiopurine metabolites variations during co-treatment with aminosalicylates: effect of N-acetyl transferase polymorphisms” of the World Journal of Gastroenterology, the statistical methods of this study were reviewed by prof. Massimo Borelli from University of Trieste, Department of Mathematics and Geosciences.

Sincerely,

Giuliana Decorti, MD
