

Trieste, December 15<sup>th</sup> 2014

To whom it may concern:

In reference to the article number 14405 entitled “Thiopurine metabolites variations during co-treatment with aminosalicylates: effect of N-acetyl transferase polymorphisms” of the World Journal of Gastroenterology, the study was reviewed and approved by the Institute for Maternal and Child Health I.R.C.C.S. Burlo Garofolo Medical Ethics Review Board, approval Trieste (n. 58/05, 12/12/2005) and by the Institutional Research Board (#23/05).

Sincerely,

Giuliana Decorti, MD
