

BRONX-LEBANON
HOSPITAL CENTER

December 18, 2014

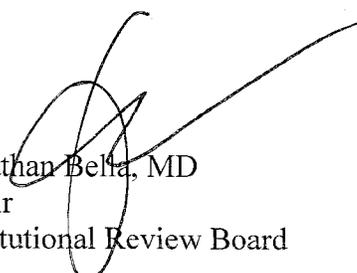

Dr Jasbir Makker
Grand Concourse

Dear Dr. Makker:

Thank you for the submission of your Case Report regarding a patient at Bronx-Lebanon Hospital Center who was diagnosed with Epidermolysis Bullosa associated with dysphagia.

Upon review, it has been determined that this case report is not a research study according to the Code of Federal Regulations and therefore, does not require IRB approval.

Sincerely,

Jonathan Bella, MD
Chair
Institutional Review Board
