

# BRONX-LEBANON HOSPITAL CENTER

January 5, 2015

Dr. Jasbir Makker  
Grand Concourse

Dear Dr. Makker:

Thank you for the submission of your Case Report regarding a patient at Bronx-Lebanon Hospital Center who was diagnosed with Strongyloidiasis associated acute pancreatitis.

Upon review, it has been determined that according to the Code of Federal Regulations this case report is not a research study. Also, the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule that protects the privacy of individually identifiable health information is being followed in submission of this case report and therefore, does not require IRB approval.

Sincerely,

Elizabeth Doramajian, MS  
IRB Administrator  
Bronx-Lebanon Hospital Center
