

January 8, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 2429-review.doc).

**Title:** Multidetector CT of Temporomandibular joint: A road less travelled

**Authors:** Shivani Pahwa, Ashu Seith Bhalla, Ajoy Roychaudhary, Ongkila Bhutia

**Name of Journal:** *World Journal of Clinical Cases*

**ESPS Manuscript NO:** 14712

The manuscript has been improved according to the suggestions of reviewers:

1. Format has been updated

2. Revision has been made according to the suggestions of the reviewer:

(1) Tertiary citations to be replaced: **Primary citations have been added**

(2) The differential diagnosis should be expanded to include fibrous dysplasia, hyperparathyroidism, giant cell reparative granuloma: **These differential diagnosis have been added in the manuscript**

(3) Comment on human function of speech requires a citation: **Citation added**

(4) Characteristics of Silver Russell syndrome and Proteus syndrome should be delineated: **Characteristics of these two syndromes added to the manuscript**

(5) Evidence for TMJ ankylosis in Rheumatoid arthritis: **The authors respectfully agree with the Reviewer that evidence is not strong – its only a few case reports. As pointed out by the Reviewer, TMJ ankylosis is more common in juvenile rheumatoid arthritis. This has been corrected and citation added.**

(6) Citation14 should be citation 15: **Citations corrected**

3. References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Clinical Cases*.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Ashu S Bhalla', on a light gray background.
