Biostatistics statement

Title: Underestimation of chronic renal dysfunction after liver transplantation: ICEBERG Study

Author: Evaristo Varo, Rafael Bañares, Magda Guilera

Name of Journal: *World Journal of Transplantation*

ESPS Manuscript NO: 14796

The statistical methods of this study were reviewed by Daniel Mosteiro, Senior Biostatistician from TFS.

The review by the biomedical statistician was conducted with respect to the following points:
(1) Statistical methods were adequately and appropriately described when they were used to verify the results; (2) The statistical techniques were suitable and correct.

Sincerely yours,

Rosa María Alonso Lozano
