

## ANSWERING REVIEWERS

November 26, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 14818-review.doc).

**Title:** Th22 cells accumulated in the tumor sites and associated with the development of colorectal cancer

**Author:** Yong-Hong Huang, Yun-Fei Cao, Zhi-Yuan Jiang, Sen Zhang, Feng Gao

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 14818

The manuscript has been improved according to editor's and reviewers' suggestions.

1 The title has been changed to "Th22 cell accumulation is associated with colorectal cancer development", according to the Format for Basic Study.

2 Author contributions format has been changed.

3 Ethics approval, Institutional animal care and use committee, Conflict-of-interest and Data sharing were added.

4 Abstract has been changed according to the Format for Basic Study.

5 Core tip was added.

6 Comments were added.

7 References format has been updated.

8 Figures format has been updated.

9 The whole manuscript language was edited by *American Journal Experts Company*, which was mentioned in 'The Revision Policies of BPG for Article'.

10 Revision has been made according to the suggestions of the reviewer

(1) T Morikawa et al. Clin Cancer Res 2011 describes a link between immunity and STAT3 activation.

A: It has been discussed in reference 28.

(2) D Colussi et al. Int J Mol Sci 2013; and F Bishehsari et al. World J Gastroenterol

2014 are important reviews in colorectal cancer.

A: They have been discussed in reference 4 and 5.

(3) S Ogino et al. Nat Rev Clin Oncol 2011 advocates integrated analysis of immunity and tumor factors. J Galon et al. J Pathol 2014 describes importance of immunity in clinical settings.

A: They have been discussed in reference 32 and 33.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

A handwritten signature in black ink that reads "Feng Gao". The signature is written in a cursive, flowing style.
